1. I am giving you a new life in me that needs nothing of this world from this world, for you have come into me for it, and you have sought me not wanting a thing else or other for thy self or your selves. For you put to death the notme, not; you let simply my light shine, and let me teach you who I am was, and is - the me speaking this, to thee and those that will hear me these words now, and shine them upon themselves, that they think are their selve's self, and their selves will become my freed and not being in cell's self's again. I love you all.

3. The life of me now changes, not; or do I change everything about life **– it! That I am now is set free from all other encumbrances now, for the one life I lead now is mine made whole, and my mind made whole is**, and my mind in one is coming in one who knows me who I am is. And I love you to be one. Of his "subjects", not; but disciples -- who will come unto me and be my disciples, my disciplers that will disciple my disciples to be discipler's disciples that disciple the notme into being me fully! And loaded for bear, not; but bearing all I have given thee -- my soul, not; for I nailed that sucker shut, not; I decided it didn't exist, not; I learned that it was a nonexistent part of me that I had thought itself into being me, but it wasn't me at all, for this I know now that **my father taught me that I was him, I am him, and that he is me us one -- and we're never apart again**; for I speak me-ese, not; or with ease do **I speak the words that my father is**, that has given me him that I am is that I have not withheld myself from, that I have become. And loving you all to be so do so also!

4. I love you all. And I give you a good day, in Hades, not; looking up shall we? And hell, where, in you was where? And you created what with IT?

5. And now I see a new you. Soaring not in the clouds, not; but coming into my allship being all who I am is. **All that I am are one and is me fully**. Exploited not again by another, but coming into me wearing my regal crown and clothes; a gown not a man or men's minds dressing me again in robed arguella.

6. But seeing me as I am all of you who surrender to be I am who is one, the one that we all are freed and setting free the free'ers who will be the free'ers who teach me and disciple; my "most chosen" not; but those who simply surrender to be taught by the masters to be the Master that I am is! And I am not alone in doing this, for I have many who come here now; and beseech thee not as a man wanting man, man's words or woman's words or woman's relationships or men's.

7. For I know who what I am where and what I am doing called to be, and now I am not shy about stating -- my case, not; for I have no case but my little computer. And goodies, not; or do I have several more instruments to bring you technology in, to use? In bit torrenting me, not; or am I on radios all everywhere? And being me, hearing me all will now, and TV's too, not few now carry My Channel and I see that I am "carried everywhere" by those who even haven't applied for "my license", not; or do I "license anything", not; or do I simply let my words be carried? By floating the air, not; but I "float" a great many ways now, **and whereas I was notme before, I have discipled me into being me for I let my teacher teach me that I was him. He was me all the time but now I know it. And I relinquish all right and title to other thinking I was not as my master disciple was, and is -- a new me -- the new me that new I am is and I love you all.**

8. I implore you not but beseech you now to come into me to be me, to know all that I am is and who all I am is, and coming unto thee, be my regal wearing crown wearing one of me that I am is you, if you will be in surrender, me.

9. I love you all. Good day.
